

Hello 4 Walliams

I hope you and your families are keeping safe and are all well. I am really missing you all a lot and cannot wait to return to normal. I hope you have been reading many books and keeping yourselves entertained by doing the craft ideas given in the daily activities timetable. I have been enjoying the lovely weather and walking my dogs daily. I have started some jigsaw puzzles and completed one. I would love to hear from you by email telling me what you have been doing.

I continue to research the internet for more wonderful things that are happening in our world. Here are some more to add to our list.

The Himalayas are now visible in parts of India for the first time in 30 years.

- The Asian mountain range can now be seen more than 125 miles away in the Jalandhar district of Punjab
- Residents say the air has cleared because of the country's 21-day lockdown, which was imposed on March 24

Earlier this month, Captain Tom who is 99 years old set out a goal of raising £1,000 for the NHS by walking 100 laps of his garden before his birthday at the end of the month. Amazingly, he raised £25million.
