

Dear 1 Milne,

It has been such a long time from when I've last seen you; it seems like an eternity. I miss all of you very much and I wonder how each of you is doing.

I am continuing to work from home, completing different tasks every day and keeping in contact with the other teachers in school, making sure that everything is ready for you when you will return to school.

Today, I prepared for you a few riddles and a funny story to make you smile.

Riddles to work out with your family:

1. I only come out at night.
I hang upside down to give you a fright.
If you come close to me and tight, you might get a vampire bite!
What am I?
2. My body is long, bendy and round.
In the forest or grass or the desert I'm found.
When I move I make no sound as I slither on the ground.
What am I?
3. I have 4 legs; I'm covered in fur.
If you stroke me, I might purr!
What am I?

Story time: - The Monkey, The Cats and The Cheese

Once upon a time two cats found a piece of cheese and cut it into two pieces. Now, one piece was slightly bigger than the other. Naturally, both the cats wanted the bigger piece.

So they decided to approach a monkey and ask him to sort out the matter.

The monkey said, "Don't worry. I'll make both the pieces equal."

Then it took a bite from the bigger piece. But this made the other piece larger. So it took a bite from the other piece. This continued till the pieces became very small.

Seeing this, the cats pleaded, "Sir, we are satisfied. Let us have the pieces now."

The shrewd monkey replied, "This is my fee for sorting out the problem."

Saying this, he gobbled up all the remaining cheese.

I hope you have enjoyed this story. If you want, you can also write stories and send them to me via email and I might share them with the rest of the class through these letters.

Stay safe and have fun!

Do not forget to do your learning every day, do some working out as well, and wash your hands very often for 20 seconds.

Ta, ta!

Yours,

Ms Constantinescu
